by **George F. Van Patten**

A Best Seller since 1986, now expanded and completely rewritten with all new information!

More than 670 full color photos, drawings, charts and graphs illustrate every detail of this authoritative easy-to-understand book. Numerous simple cultivation solutions make it appealing to novice gardeners. Seasoned gardeners are also able to find answers to all their questions. Discover how to achieve the biggest best yields even with limited space and a small budget. Learn how to grow while taking an exclusive photo tour of some of the most interesting indoor gardens and greenhouses in the world.

"Everything you need to know about hydroponics and then some! George Van Patten is the author. (Need I say more?) The book is written in layman's terms and is complete with illustrations and photos. A necessity for all indoor gardeners!"

~ Jim Jesson, *Maximum Yield Publications*

"For over twenty years, Gardening Indoors has been considered 'The Bible' of indoor growing. It is literally a one stop gardening encyclopaedia of information for both the beginner to the very experienced gardener. If I was to buy only one book on indoor gardening, this would be the one."

~ Tom Alexander, *Growing Edge* magazine
